About

Our Supported Independent Living (SIL) service supports you to live independently in a shared home.

How we help

Are you an NDIS participant looking for Supported Independent Living (SIL) accommodation? Myhorizon currently has SIL vacancies, where we support you to live independently in your own or shared home.

The ways we can support you in your shared home are many and varied depending on what you require to achieve your personal goals. We can support you on a drop-in or full-time basis by:

- Developing an individual plan that outlines your goals and aspirations for independent living;
- Helping you with budgeting;
- Assisting you with shopping;
- Managing and attending appointments;
- Assisting you with written communication, completing forms, and paying bills;
- Coordinating supports; and
- Providing hands-on help to maintain a household such as cleaning and laundering.

Current Tenant

Lady in her late 20's

Potential Co-tenant/s

Female

Respectful of others space
