Horticulture

The Myhorizon Horticulture team deliver reliable and great value gardening and lawn care services across the Redland City region.

What services do we offer?

We can help with a range of services including:

-  Lawn mowing & whipper snipping
-  Weeding
-  Planting & replanting gardens
-  Hedging
-  Green waste removal
-  Pruning
-  Maintenance of garden areas
-  Mulching

Who do we cater to?

Our clients range from local council, schools, NDIS participants and other businesses and residential clients. We happily service both commercial or residential properties.

What our clients say

"Myhorizon has assisted us with gardening works at the College during our school holidays. We have found the Myhorizon team professional and reliable and our gardens are looking wonderful"

- Business Manager, Capaiaba State College

Support a community conscious service provider

Myhorizon's Horticulture is a division of Myhorizon Employment and Training - a local not-for-profit provider, supporting Queenslanders with disability since 1981.

By hiring our services, you'll be empowering individuals with disability and supporting them with ongoing employment opportunities within their local community.
